DO YOU WANT TO TRAIN LIKE THE PROS?

Coach Amaral with over 40 years of soccer coaching and playing experience from the youth to the pros has developed a training program called the
"The Natural Soccer Training Method"

"Natural Soccer" is a training program designed in such a way that Coach Amaral identifies a player's natural tendencies, instincts, and abilities and creates a specific program to help them develop into an elite player. Through clear demonstrations, visualization, and imitation players learn the game of soccer with fluidity and simplicity so they have the ability and confidence to react to any game situation. Players learn how to play their best, with confidence and poise, when it matters most!

The "Natural Soccer" training method has allowed Coach Amaral to help players from all over the world reach the elite college and professional levels including:

Chris Houser - "The Undertaker"
 - NCAA National Champion
 - Member of the US National Senior Amateur Team
 - Played for the Tampa Bay Mutiny - Drafted in the 2nd Round

Tiina Saario
 - Played for National Team of Finland
 - Played FC Puistola
 - Turned pro at the age of 19

Hege Lausvik
 - Played for the National Team of Norway
 - Played in the First Division in Norway
 - Played Professionally

Robbin Gomes
 - #1 in the NCAA in goals and points per game in 2000
 - Played Professionally

A MESSAGE FROM THE DIRECTOR:
 As Director of the Amaral Soccer Academy, it is my goal to ensure that each camper gets their natural instincts and ability to reach their maximum potential. I will personally identify your strengths and weaknesses and put you in a position where you will be able to maximize your abilities on the soccer field. I will help you improve in the technical, tactical, and mental aspects of soccer and I will help you gain confidence so that you have the tools necessary to get to the next level.

Throughout the course of the week I will teach you the fundamentals of soccer using "The Natural Soccer Training Method", a unique approach to learning the game. You will be taught through imitation so you learn to play with fluidity and simplicity. I believe the best players develop when no one is watching, therefore, we will provide you with self-help drills so you will have the tools necessary to continue to learn and develop on your own after camp has ended. Our soccer curriculum is designed in such a way that technical skills and tactical play build on one another. Through this disciplined step by step "Natural" approach to teaching the game of soccer we guarantee that you will be doing things at the end of the week that you never thought you would be able to do. You will learn in game like conditions with an emphasis on competition so that you will be prepared to use your skills on the field when the game is on the line. You will learn how to play your best, with confidence and poise, when it matters most. You will not only learn the game of soccer, but you will learn life lessons that can be taught through the game of soccer. Our guest speakers, clinics, and college recruiting seminar will give you the edge you are looking for to succeed on and off the soccer field. You will be ready for prime time and for the next level as long as you come prepared!

All you need to do is bring a positive attitude, a willingness to learn, and a strong work ethic. Our experienced staff of international coaches and commentators will do the rest. We guarantee that you will get better, meet new friends, and have fun! Are you ready for the best soccer experience of your life? Sign up today for one of the Amaral Soccer Academies.

Thank you in advance for choosing Amaral Soccer.

Sincerely,

OVERNIGHT ACADEMY

#1 Teaching Camp in the Country - Coach Amaral is there everyday training the players

Preparing you for the next level! That is what the Amaral Soccer overnight academy at Westfield State University is all about. Westfield State University has over 40 acres of soccer facilities which includes a full size turf field. There are also state of the art indoor facilities including a field house for indoor soccer and media areas which will be utilized to review film, provide information on the college recruiting process, and for guest speakers. Campers will stay at the New Hall Dormitory with Air Conditioning! New Hall is apartment style living with 2 or 3 bedrooms, a full kitchen, and private bathrooms in each suite. New Hall also has community entertaining areas for campers to mingle and socialize. A buffet style breakfast, lunch, and dinner will be served at the dining commons with plenty of healthy choices, which will keep you refreshed and properly fueled for the vigorous training sessions and games.

35 Miles from Hartford, CT
40 Miles from Albany, NY
